See Something New

Erin's World brillestel - specielt format, tilpasset individuelt med lav placeret næsebro.

Er du træt af briller der ...
er ubehagelige? er for store? eller
bliver ved med at glide ned, så du ser over brillestellet?

Erin's World brillestel er skræddersyet med korte stænger, ekstra bred front og en lav placeret næsebro. Stængerne er enten med 180 ° fjeder hængsler eller TR90. Stellene er produceret til at være flexible og holdbare i den virkelige verden, ved hjælp af Titanium flex næsebro.

Vi hjælper individuelt - med unique tilpasnings behov - kan bestilles af din lokale optiker.
